The Leadership Academy was designed and will be presented by your State Action Team. It's an interactive, fun way of getting to know other DECA members from across Massachusetts. While learning leadership skills such as team building, public speaking and being encouraged to take risks, you will also get very motivated for the DECA year that awaits you!

There will be a New DECA Advisors track, as well as professional workshops for veteran advisors. There will be a Chapter Officers' Training track as well.

Workshops will be presented during the day by various DECA Advisors, business partners and alumni members. Topics will include competitive events, written events, preparing for competition, what a judge looks for in competition, how to run for state office, marketing topics, customer service skills and new advisor workshops.
